

Optowire Anchor clamp VS-ACC

The drop mandrel clamp **VC-ACC** is used for the dead-ending of round and flexible drop cables on poles and facades. This one-piece plastic construction is designed with a mandrel body shape in which cable can be coiled and self-tighten and an opening bail that enables installation on pole line hardware with minimum \varnothing of 10mm.

TECHNICAL SHEET

Type	Mini	Standart
Material	UV resistant thermoplastic	
Cable OD (mm)	3-4	4-6
MTL (kN)	1	
Span (m)	70
