

Optowire Fitting Tools

Attachment point VS-PK-01

Bracket for tension cable fastening along overhead line supports and organization of branches of optical cables to subscribers. This bracket attached to the supports with a stainless steel tape and special locks for fixing the tape, as well as two holes with a diameter of 6 mm are provided in the design in order to fix the unit on the walls and facades of buildings with dowels.

TECHNICAL SHEET

DESCRIPTION	DATA
Material	high strength UV resistant polymer
Breaking load, KN	2
dimensions (L x W x H),mm	77x62x50
Weight $\pm 10\%$, g.	30
Operating temperature, °C	-40 to 50
Installation temperature, °C	-20 to 40
