

Smart Lock VIV-I9-3D

The VIV-I9-3D is a smart door lock designed for outdoor use thanks to its waterproof build. It integrates **3D face recognition**, a built-in camera. The lock supports Tuya app connectivity over Wi-Fi, allowing remote control and video recording. It offers automatic unlocking and enhanced security features for modern homes.

Features

- Built-in Camera for identity verification.
- Face Recognition 3D face ID recognition for secure access.
- Waterproof Designed to resist outdoor conditions — waterproof rating implied.
- Connectivity Wi-Fi connectivity; compatible with the Tuya smart home platform/app.
- Video Recording Supports video recording capabilities.
- Automatic Unlock Has automatic unlocking features.
- Certification The product page shows CE, RoHS, FCC icons, indicating compliance with some international standards.
