

Optowire Anchor clamp

Optowire Anchor clamp VS-P-25/ VS-P-25-90

Anchor clamps **VS-P-25** and **VS-P-25-90** are designed for hanging FTTH cables diameter to **4 mm to 11 mm**.

The clamp provides secure fastening of flat cables.

A distinctive feature of the clamp is that under increased load (icing, falling branches on cables, hurricane winds, etc.) the clamp is destroyed without damaging the cable, which in some cases prevents line breakage.

TECHNICAL SHEET

Type	VS-P-25	VS-P-25-90
Material	UV resistant thermoplastic	
Cable type	Flat	
Cable OD (mm)	Heigh- ; Width-6	
MTL (kN)	0.8	0.5
Span(m)	≤ 50 m	
Operating temperature(°c)	from - 40 °C to 50 °C	
Installation temperature(°c)	from - 20 °C to 40 °C
