

## Optowire Anchor clamp

### Anchor clamp ODWAC-22

Anchor clamp **ODWAC-22** is designed for anchoring (tensioning) the subscriber flat optical cable (Drop cable FTTH) on the supports of overhead power lines (VLI 0.4/1 kV) and various structures. The ODWAC-22 clamp is designed for hanging flat cables with a height of up to 5 mm and a width of up to 12 mm. The clamp is installed without the use of tools.

## TECHNICAL SHEET

Type	ODWAC
Material	stainless steel
Cable type	Flat
Cable OD (mm)	Heigh-2 ; Width-6
MTL (kN)	1.2
Span(m)	≤ 50 m
Operating temperature(°c)	from - 40 °C to 50 °C
Installation temperature(°c)	from - 20 °C to 40 °C
